Learn More About Rachel's Vineyard Retreats for Healing After Abortion

A Path Toward Peace, Hope, and Restoration

If you're carrying emotional or spiritual pain after an abortion, you don't have to face it alone. Rachel's Vineyard offers a confidential, supportive weekend retreat where you can step away from daily pressures and begin healing in a safe, non-judgmental environment. Through guided reflection, spiritual exercises, and opportunities to process grief, many participants experience a deep sense of reconciliation, compassion, and renewed peace. The retreat concludes with a Memorial Service that can help honor your story and open space for hope.
